

WHOLE PROCESSED PRUNES (With pits)

Taylor Brothers Farms prunes/plums (*prunus domestica*) are steamed and tenderized in a series of carefully controlled processes. They are then rehydrated to approximately 25-32% moisture and re-inspected.

Proper conditioning to a water activity of 0.70 makes the prunes micro-biologically clean. At this state, the product has an extended shelf life and functions as a natural inhibitor to microorganisms.

Applications

Whole processed prunes provide an excellent bland texture in fillings for:

- Cookies and pies
- Donuts and tarts
- Meat and backed dishes, e.g. tagines
- Snacking
- Fruit pieces
- Sauce bases

Dried plums also make an excellent natural antioxidant ingredient for meat products.

Basic specs

- Moisture: 25-32%
- Size: 20/30 to 120/140 per pound
- Shelf life: 12 months stable at room temperature and up to 18 months in a cool (45°F/7°C) and dry place (60%RH)
- Packaging: Bulk, 25 lb and 30 lb or 10 kg and 12.5 kg formats in poly-lined fiber cartons

WORLD LEADER

California-based Taylor Brothers Farms is the world's largest organic prune grower and processor, and a leading producer and global distributor of prime quality conventional prunes and prune products.

We have comprehensive processing facilities in the US, and a bonded warehouse and a cutting-edge plant in Poland. Taylor Brothers Farms does business throughout North America, Europe and Asia.

WORLD-CLASS PRODUCTS

- Natural Condition Prunes
- Whole Processed Prunes
- Ashlock and Elliot Pitted Prunes
- Diced Prunes
- Prune Powder
- Prune Paste
- Prune Extract
- Prune Juice

Taylor Brothers Farms also produces fine almonds and almond oil.
